### GENERAL GUIDELINES AND STANDARDS OF THE GAWAD TEODORA ALONSO 2023 (5<sup>TH</sup> NATIONAL COMPETITION ON STORYBOOKS WRITING)

#### I. RATIONALE

After the successful harvest of the 4<sup>th</sup> National Competition on Storybook Writing (NCSW), with a total of 53 storybooks and 29 manuscripts, from a total official submission of 407 stories screened from thousands of entries nationwide, the Department of Education (DepEd), through the Bureau of Learning Resources (BLR), is launching the 5<sup>th</sup> edition of the NCSW, redesigned as Gawad Teodora Alonso (GTA) 2023.

The GTA 2023 is a harvesting program that supports reading programs in the different governance levels of the Department. With the launching of the National Reading Program (NRP), the contents to be harvested can be utilized in all capacities to fit the different components of Reading, Numeracy, and Science, Technology, Engineering, and Mathematics (STEM) and other such related curricular and co-curricular programs in Key Stages 1 and 2 of the Basic Education Curriculum. Stories to be submitted in GTA 2023 are expected to be anchored on the different learning areas of the revised curriculum of Kindergarten to Grade 10. In support of the DepEd's MATATAG Agenda, the GTA 2023 also includes categories dedicated to the lasting effect of the components of this initiative.

The First Volume of the National Competition on Storybook Writing (NCSW), comprising the first in 2017, second 2018, and third in 2019 editions, was able to collect 492 storybooks addressing the learning competencies of Kindergarten to Grade 3 levels. Finalized storybooks were made available through the DepEd Learning Resources Portal ([lrmds.deped.gov.ph](http://lrmds.deped.gov.ph)) and were transformed into storytelling videos, audiobooks, animations, and multimedia for various programs promoting the love of reading.

As the next step, the Second Volume of the NCSW, which is now called the GTA 2023, aims to address the need for engaging stories appropriate for visual readers through wordless storybooks for Kindergarten; stories for beginning readers of Grades 1, 2, and 3; and illustrated storybooks for intermediated and hobby readers of Grades 4, 5, and 6.

**Annex K: GUIDELINES ON THE TREATMENT OF SOCIAL CONTENT**

**Gawad Teodora Alonso 2023**  
(5<sup>th</sup> National Competition on Storybook Writing)

**GUIDELINES ON THE TREATMENT OF SOCIAL CONTENT**

In pursuit of quality learning resources that communicate and are reflective of the core values of the Department, the Bureau of Learning Resources has formulated the following standards and guidelines organized according to key themes that develop in learners, national consciousness, ecological and social justice and responsibility, inclusiveness, and lifelong learning among others:

**The Philippine Nation and Society**

Quality learning resources should ensure the cultivation, enrichment, and dynamic evolution of the country's cultures that subsequently strengthen national consciousness among learners and fortify their historical and moral fiber of being true Filipinos. Learning resources should promote among learners the idea that being Filipino is a shared national identity that gives a sense of belongingness and a source of knowledge and pride even as we are citizens of the world.

To achieve its purpose, the learning resources must:

1. depict national symbols and institutions in contexts that promote **respect** for their meanings;
2. foster a sense of justice and obedience to and respect for the Constitution and the law;
3. maximize the use of illustrations and photographs depicting the diversity of Philippine settings and environments (e.g., local communities, local objects, flora, and fauna endemic to the Philippines);
4. highlight the diversity of Philippine cultural communities, including Indigenous Cultural Communities (ICCs);
5. depict expression of Philippine cultures — technologies, inventions, games, dances, songs, literature, dress, food, festivals, celebrations, practices, customs, and others;
6. show community settings that feature a mix of rural, sub-urban, and urban situations without stereotyping any of them;
7. refrain from giving importance and attention to popularized fads, transitory personages and events, and untested theories or views; and
8. include foreign products, practices, and values only as needed and appropriate to the competencies being covered. When included, these foreign products must be featured in ways that do not prejudice Philippine products, practices, and values.

**Citizenship and Social Responsibility**

Learning resources should reinforce one's belongingness and being a citizen of the Philippines, vested with rights, privileges, and duties/ responsibilities. As Filipino citizens, the learners must be aware of their duties and responsibilities to be able to contribute to the achievement of national development. These shall:

1. encourage participative and responsible citizenship;
2. promote in learners, respect, and a positive attitude toward persons with disabilities by highlighting their potential and capabilities, not their limitations;
3. foster attitudes of inclusivity, acceptance, understanding, and appreciation for diverse cultures, sectors, and groups in society;
4. depict contributions of individuals and ethnic groups in the country, religious, and sectoral groups that promote the common good of the community and the larger society;
5. avoid the depiction of physical, sexual, verbal, and mental abuse of adults and children as well as violent sports and entertainment;

6. respect for Ownership (in relation to Intellectual Property Rights);
7. uphold the confidentiality and privacy of all data and information as required under the Data Privacy Act of 2012 (Republic Act No. 10173); and
8. avoid commercialization, endorsements and accreditation of goods and services.

### Individuals and Social Identity

Individual identity refers to the particular qualities, attributes, principles, and/or beliefs that makes a person or group different from others. This may include aspects of our life that an individual has no control over, such as where we grew up or the color of our skin; as well as choices made in life, such as how time is managed and what we believe in. On the other hand, social identity can provide people with a sense of valuing one's belonging to a certain group and a framework for socializing, which can influence one's behavior. Social identity also refers to how we identify ourselves in relation to others according to what we have in common.

To promote individual and social identity, learning resources should:

1. depict the ethnic, physical, mental, religious, cultural and socio-economic diversity of individuals and their circumstances in society, and promote sensitivity to and respect for the dignity and equal treatment of all;
2. involve all races and ethnicities, religions, economic classes, sexual orientations, and gender identities including lesbian, gay, bisexual, and transgender, queer, intersex, asexual (LGBTQIA) in all social activities, events, and gatherings;
3. avoid views or opinions that highlight stereotypes and encourage cultural, moral, and social insensitivities against particular social classes, gender groups, sexual preferences, ethnicities, regions of origin, levels of ability, political affiliations, cultural, and religious groups; and
4. avoid bias, prejudice, and stereotyping of various genders in the depiction of behaviors, home and family roles, professions, occupations, and contributions to society.

### Social Institutions

The family, religious/ faith groups, work institutions and commercial entities are social institutions that provide structures and mechanisms of order and cooperation that govern the behaviors of their members. It is composed of systems of behavioral and relationship patterns that are densely interwoven and enduring, and function across an entire society. They order and structure the behavior of individuals and groups by means of their normative character. Learning resources orient learners to be active members of social institutions when these:

#### *Family*

1. Show respect for different family patterns (nuclear, extended, with a single parent, or with two parents, etc.).
2. Promote responsible parenthood

#### *Religious / Faith Groups*

3. Use religious references, symbols, celebrations, and language free of biases.
4. Ensure that any reference to a religious group is appropriate, accurate, and authentic in relation to the setting and/ or period of history in which they are presented.

#### *Work Institutions*

5. Present and promote a balanced and just relationship between workers and managers.
6. Show workers of various professions and public servants and their contribution to the development or growth of their communities or of the country.

#### *Commercial Entities*

7. Avoid using commercial brand names and corporate logos
8. Avoid incorporating any form of commercial solicitation and advertising

**Gender**

Gender-sensitive learning resources also consider the political, economic, social, and cultural factors underlying gender-based discrimination and the socialization of men and women into certain opportunities. To this end, learning resources should:

1. refrain from differentiating, either explicitly or implicitly, the capability of males and females;
2. depict gender and sexuality as an aspect of one's personhood in positive ways and maintain equal treatment of gender roles regardless of age, ethnic background, economic status, special needs, religious affiliations, sexual preference, occupations, and contributions; and
3. avoid sexist language; use gender-free or gender-fair language.

**Media, Technology, and Communication**

Recent decades have seen major strides in the development of media and communication technologies. The advent of the world wide web has had major impacts on the lives of everyone. A high percentage of learners are already embracing the world of media and communication technology. Hence, appropriate digital or non-print learning resources are needed for effective and efficient use. The K to 12 Curriculum promotes the development of information and media literacy skills among 21<sup>st</sup> century learners.

Therefore, the learning resources provided must be learning opportunities that leads them to:

1. portray Ethical Media Practice;
2. demonstrate the importance of using different forms of media as a means of communication and expression of ideas;
3. highlight technological innovations as products of human ingenuity;
4. depict responsible, safe, and secure use of Information and Communications Technology (ICT); and
5. promote positive and desirable attitudes towards ICT and its use.

**Health, Nutrition, and Wellness**

This theme focuses on the various aspects of health, nutrition and wellness that would make learning resources responsive to the holistic development of an individual's emotional, mental, moral, physical, social, and spiritual dimensions to achieve a quality life.

Therefore, K to 12 learning resources must be developed to:

1. promote and support personal health habits, physical fitness activities and practices;
2. promote proper nutrition through healthy diets and positive eating behaviors that provide healthy eating environment for children and adolescents;
3. discourage the use of tobacco, e-cigarettes, vape, alcohol, restricted drugs (e.g., narcotics) and other addictive substances;
4. emphasize health concerns during puberty and adolescence with focus on personal health and the development of self-management skills in coping with life's changes;
5. promote the development and adoption of health programs in preventing and controlling diseases and disorders; and
6. encourage application of consumer knowledge and skills in the effective evaluation, selection and use of health information, products, and services.

**Environment**

The Earth is not simply a warehouse of resources to serve human needs but also an integrated, interdependent functioning system upon which all life forms depend for survival. Failure of one sub-system will affect other sub-systems, the ecology, and other systems and would eventually threaten the subsistence of human beings and communities. It is necessary for everyone especially the learners to treat the natural environment with love and respect through learning resources that aim to:

### REGIONAL OFFICE IX, ZAMBOANGA PENINSULA

1. portray lifestyles that contribute towards reducing the impact of climate change through proper segregation and waste management;

6. present practices on humane treatment of and respect for all life forms.

### Safety and Security

Promoting safety and security consciousness is important in crafting learning resources. This makes learners aware of the need to secure all elements that, given conditions, may be at risk such as humans, animals, and the environment, and to reduce the personal level of risk to hazards or disasters. Rather than being mere recipients of assistance, everyone must be taught to take a proactive role in managing various risks, hazards or disasters to ensure the safety and security of all. Likewise, the learning materials must then share information that would engage learners to prepare for situations of emergency. These can be cultivated among learners if learning resources:

1. promote disaster-risk management and preparedness before, during and after a disaster;
2. promote awareness of hazards and risks that may occur in school and other places;
3. inculcate values such as concern and care for all in times of emergencies or hazards;
