SPELLING BEE RULES

1. Each participating school shall have three contestants for the Spelling Bee. The contestants must be Grade 5 pupils at present.
2. A paper and pen shall be provided for each contestant.
3. The Spelling Bee will consist of three rounds: easy, average, and difficult. Each round will have a total of five words. The easy round will be given 30 seconds per word; the average round will be 1 minute per word; and the final round will be 90 seconds for each word.
4. Words shall be pronounced according to the diacritical markings in the dictionary. The pronouncer will utter the word three times in a row slowly and clearly, without distorting the normal pronunciation of the word. The pronouncer will give a definition and use the word in a sentence. Merriam-Webster's Dictionary is the official dictionary for this competition. Once done, the pronouncer may repeat the word twice. The timer will begin once the sample sentence is delivered.
5. Words may be selected from an alternate spelling list.
6. The scores from each round will be tabulated as follows:

Easy Round= 3 points per correctly spelled word
Average Word= 5 points per correctly spelled word
Difficult Round= 7 points per correctly spelled word
5. The first three highest scores will be announced as the top three winners. The score for each participant shall be tallied individually. Hence, there can be more than one winner per participating school.
7. Any questions concerning the spelling of a term must be referred immediately to the judge. The deadline to file a protest is before the next word be delivered.
8. In the event of a tie, the death words will be used as a tiebreaker to determine the winner.
9. The judge is in complete control of the Spelling Bee. In case there is a question as to whether a word has been spelled correctly, the judge's decision shall prevail.
